Enrolment and orientation free kinder Policy

Mandatory-Quality Area 6

PURPOSE

This policy provides a clear set of guidelines and procedures for:

- enrolling a child at DNMK
- the orientation of new families and children into DNMK
- ensuring compliance with Victorian and national legislation, including disability discrimination, anti-discrimination, human rights laws, No Jab No Play and Department of Education [DE] Kindergarten Funding Guide.
- ensuring access to participation, especially for vulnerable and disadvantaged children
- ensuring early entry applicants (this includes children younger than three years and children younger than four years old on 30 April in the year they will attend kindergarten) are given equitable access to enrolment.
- adhering to DE's priority of access requirements for both three and four-year-old children

POLICY STATEMENT

The safety, health, wellbeing, rights and best interests of every child are the paramount consideration and must guide all decisions, actions and practices of educators within the education and care service.

From 2027, where demand for funded kindergarten places exceeds availability, the service will apply a two-tier Priority of Access framework, ensuring children who will benefit most from early access and participation are prioritised first (Tier 1), followed by eligible continuity placements (Tier 2), in line with Department of Education requirements.

VALUES

DNMK is committed to:

- families feeling respected, safe and supported during the enrolment process
- ensuring families who may experience barriers to accessing kindergarten are proactively engaged
- being flexible and catering for unique family circumstances and needs
- being transparent in the process and allocation of places through consistent communication and information sharing
- ensuring the registration, allocation and enrolment process is simple to understand, follow and implement
- maintaining confidentiality in relation to all information provided for enrolment
- promoting fair and equitable access to kindergarten programs, including those who face barriers to participation
- enrolling Early Start Kindergarten *(refer to Definitions)* eligible children into full 15 hours of kindergarten program

SCOPE

This policy applies to the approved provider, persons with management or control, nominated supervisor, persons in day-to-day charge, early childhood teachers, educators, staff, students, volunteers, parents/guardians, children and others attending the programs and activities of DNMK, including during offsite excursions and activities.

• discuss the values and expectations they hold in relation to their child's learning • providing comfort and reassurance to children who are showing signs of distress when separating					
55. Reading and complying with this *Enrolment and Orientation Policy*	**R**	**R**	**R**	√	√
56. Updating information by notifying the service of any changes as they occur, for example if the child or family becomes known to Child Protection				√	
57. Notifying DNMK in writing [if possible] if they wish to cancel their enrolment.				√	

PROCEDURES

GENERAL ORIENTATION PROCEDURES

The time required for orientation and settling in will vary for each child and their family, therefore it is important to be flexible and individualise orientation for each family.

- Offer families the opportunity to visit the service at different times during the day/session, this allows the child and their family to become familiar with the various routines of the service
- Provide reassurance to the family that they may stay with their child for as long as they choose during orientation period
- Provide the family with suggestions for developing and maintaining a routine for saying goodbye to their child
- Reassure the family:
    - they can leave their child initially for a shorter day, gradually increasing the length of time
    - they may call and speak to their child's early childhood teacher or educator(s) at an agreed time
    - the early childhood teacher/educators will keep them informed on how their child is settling in
    - they will be informed about any changes or circumstances which may affect them or their child.
- Further considerations may include but are not limited to:
    - send an email during the day to update the family on their child including a photo of the child (if the child has settled in) (refer to the information and Communication Technology Policy). Note: For children in out-of-home care, the educator may need to seek permission from Child Protection before taking and distributing photos of the child
    - asking the family how they have settled in and if they have any questions or concerns.
    - [As required] Arrange telephone, on-site or video interpreters to assist with orientation conversations with parents/carers who speak a language other than English or use Auslan. See Early Childhood Language Services for more information.

BACKGROUND AND LEGISLATION

BACKGROUND

The *Education and Care Services National Regulations 2011* require approved services to have a policy and procedures in place in relation to enrolment and orientation *(Regulation 168(2) (k))*.

All eligible Victorian children can access two years of funded kindergarten before starting school. The Victorian Government's Best Start, Best Life reforms expand access to early childhood education, including the introduction of Free Kindergarten and the staged rollout of Pre-Prep.

From 2026, children from priority cohorts, including Aboriginal and Torres Strait Islander children, children from a refugee or asylum seeker background, and children who have had contact with Child Protection, can access up to 25 hours of Pre-Prep per week. This will increase to up to 30 hours per week from 2028.

Where demand exceeds available places, services must allocate places in accordance with the Victorian Department of Education Priority of Access criteria. Priority of Access must be applied before any local enrolment criteria, and high priority children must be allocated places regardless of registration date. Local criteria may only be applied after all high priority children have been placed.

Enrolment and allocation processes must support equitable access, particularly for children experiencing vulnerability and disadvantage. Services are expected to actively engage and support these families to access kindergarten programs.

The Kindergarten Funding Guide sets out requirements for eligibility, enrolment, attendance and funding. Services must ensure enrolment practices comply with these requirements, including confirming that each child is accessing only one funded kindergarten program per year.

Accurate and timely data collection is required to support funding, planning and compliance. Services must ensure enrolment and attendance data is recorded in Department systems, including Arrival.

The Central Registration and Enrolment Scheme (CRES), co-designed by DE provides access to families to register for and secure a place for their children in kindergarten. It is a collaborative model that brings together councils, service providers, MCH staff, support services and other stakeholders to support children and their families. Currently more than half of all local councils across Victoria operate a form of central enrolment or central registration scheme. These schemes provide a single point of entry for families, simplifying the kindergarten enrolment process and improving equity of access.

Immunisations are an effective means of reducing the risk of vaccine preventable diseases. Early childhood education and care services which are regulated under the *Education and Care Services National Law Act 2010 and Education and Care Services National Regulations 2011* have legislative responsibilities under the *Public Health and Wellbeing Act 2008* to only offer a confirmed place in their programs to children with an Australian Immunisation Register (AIR) Immunisation History Statement *(refer to Definitions)*.

DEFINITIONS

The terms defined in this section relate specifically to this policy. For regularly used terms e.g. approved provider, nominated supervisor, notifiable complaints, serious incidents, duty of care, etc. refer to the Definitions file on the Policy and Procedure tab at DNMK.com.au

Access to Early Learning (AEL): is an early intervention program for a child who is at least three years old on April 30th in the year of enrolment. It aims to provide intensive support to eligible families with multiple and complex needs, assisting them to access universal kindergarten programs.

Australian Immunisation Register (AIR) Immunisation History Statement: The AIR is a national register administered by Medicare that records all vaccinations given in Australia, including to children. In the case of medical contraindication, an authorised medical practitioner completes and signs a Medical Exemption Form and supplies it to the AIR (previous forms of documentation, for example a letter from a GP or local council, are no longer acceptable).

Authorised nominee: (In relation to this policy) is a person who has been given written authority by the parents/guardians of a child to collect that child from the education and care service. These details will be on the child's enrolment form.

Children/families experiencing vulnerability and/or disadvantage (in relation to this policy): children are vulnerable if the capacity of parents and family to effectively care, protect and provide for their long-term development and wellbeing is limited. Some factors which may contribute to a child experiencing vulnerability include: a child with a disability; living in a family with a low income, or one which is experiencing problems with housing, domestic violence, substance abuse, or mental health; known to child protection; in statutory out-of-home care; Aboriginal and/or Torre Strait Islander, having a culturally and linguistically diverse background; having a young or sole parent, or a parent with a disability (adapted from the Kindergarten Funding Guide)

Children with additional needs: Children whose development or physical condition requires specialist support or children who may need additional support due to language, refugee or asylum seeker experience, complex trauma, cultural or economic circumstances *(refer to Inclusion*

and Equity Policy) (refer to Children/families experiencing vulnerability and/or disadvantage Definition).

Central Registration and Enrolment Scheme (CRES): CRES provides a single point for families to apply for multiple kindergarten services within a local government area, helping them secure a place that meets their needs and enabling funded kindergartens to work collaboratively with other services to engage vulnerable and disadvantaged families.

Central Registration System (CRS): Provides an equitable and transparent application and allocation process, enabling families to access local kindergarten services within a local government area.

Early Start Kindergarten (ESK): Early Start Kindergarten provides eligible children with 15 hours of free kindergarten each week led by a qualified early childhood registered with Victorian Institute of Teaching (VIT). ESK is available to children who are at least three years old by 30 April in the year they are enrolled to attend the program and are:

- from a refugee or asylum seeker background, or
- Aboriginal and/or Torres Strait Islander, or
- the family have had contact with child protection.

These children can also access free kindergarten the year-before-school through the ESK Extension Grant regardless of whether they have accessed ESK in the previous year.

Eligible child: as defined by the Victorian DE Kindergarten Funding Guide:

- a child who is at least four years old on 30 April in the year of attendance; enrolled for at least 15 hours per week or 600 hours per year in a Four-Year-Old Kindergarten; and not enrolled at a funded kindergarten program at another service
- a child who is at least three years old on 30 April in the year of attendance and is enrolled in a funded Three-Year-Old Kindergarten for a minimum of 5 hours per week
- any child that is enrolled in an early childhood and education and care service must have an AIR Immunisation History Statement that indicates that the child is fully vaccinated for their age or who qualifies for the 16-weeks support period

Enrolment: An enrolment occurs when the provider has an arrangement with an individual or organisation to provide education and care to a child.

Enrolment deposit: A charge to secure a place that has been offered in a program at the service. This should not act as a barrier to enrolling for any families. Services must ensure that families understand that the enrolment deposits will only be refunded if the child commences in the service *(Refer to Fees - Free Kinder policy)*

Enrolment record: the collection of documents which contains information on each child as required under the National Regulations *(Regulations 160, 161, 162)* and DE funding requirements (Arrival) including but not limited to parent details; emergency contacts; authorised nominee; transportation authorisations, details of any court orders; and health information including immunisation status. Enrolment records are stored securely in the service due to their confidential nature.

Free Kinder: A Victorian Government Best Start, Best Life initiative providing Free Kinder programs for four-year-old and three-year-old children in funded services, that have opted into the initiative.

Free Kinder supports families to access a funded kindergarten program by:

- providing a free 15-hour program to 4-year-old children enrolled at a sessional service
- providing a free 5 to 15-hour program to 3-year old children enrolled at a sessional service (subject to the length of funded program offered)

© 2026 DNMK

Sourced from Early Learning Association Australia

- offsetting the funded kindergarten program component of parent fees for 3 and 4-year-old children enrolled at a long day care service.

Kindergarten registration fee: a payment to cover administrative costs associated with the processing of a child's enrolment application for a place in a program at the service, if applicable. *(Refer to Free Kindergarten Fees policy)*

Kindergarten registration form: The process of families providing initial information about their child to confirm their intention to enrol in kindergarten, administered by the CRES/CRS Provider *(refer to Definition)* or by the kindergarten service. This includes collection of basic contact information, kindergarten preferences and any other details that may inform prioritised allocation in kindergarten *(refer to Attachment 3)*

Support period: allows specific categories of children of families experiencing vulnerability and disadvantage to enrol and attend the service without an AIR Immunisation History Statement *(refer to Definitions)* or when the statement is assessed as not being up to date. Services complete the support period eligibility form with families during enrolment and keep a copy with each child's enrolment record. The 16-week support period starts on the first day of the child's attendance at the service. During the support period, the service is required to take reasonable steps to obtain the AIR Immunisation History Statement *(refer to Definitions)* and to encourage families to access immunisation services. Note: services are not required to exclude the child from the program at the end of the support period if an up-to-date history statement is not provided, except in the instance of an outbreak of an infectious disease.

Local Government Area (LGA): a geographic area governed by a local council or shire.

Orientation: Process to support the child's transition to the service, whereby families spend time at the service with the child a few times before leaving the child on their own. The time required for orientation and settling in will vary for each child and their family.

Pre- Prep priority cohort: From 2026 across the state, Aboriginal and Torres Strait Islander children, children from a refugee or asylum seeker background, and children who have had contact with Child Protection services can access to up to 25 hours of Pre-Prep a week, increasing to up to 30 hours a week from 2028. Children from this priority cohort can be enrolled in more than 1 group at a single service (including 4-year-old, mixed age, and 3-year-old groups). In addition, any child who was supported by the Access to Early Learning program as a 3-year-old is eligible for these same hours of Pre-Prep as a 4-year-old from 2026.

Priority of access: in instances where more eligible children apply for a place at a service than there are places available, the service must allocate places using the criteria outlined in the DE Kindergarten Funding Guide *(refer to Attachment 1 and Sources).*

Registration: The process of families and carers giving initial information about their child to confirm their intention to enrol in kindergarten, administered by the service provider/EYM/CRES Provider. This includes collection of basic contact information, kindergarten preferences and any other details that may inform prioritised allocation in kindergarten.

School Readiness Funding: funding provided by DE for programs and supports that builds the capacity of kindergarten services, educators and families to support children's learning and development outcomes.

Additional year of funded kindergarten: Eligibility for a second year of Four-Year-Old Kindergarten is determined by the child's early childhood teacher, if the child is observed as having developmental delays in at least 2 VEYLDF Learning and Development Outcomes and there is evidence to suggest the child will achieve better outcomes at kindergarten than if they go to school. From 2026, across Victoria, children who meet the eligibility requirements due to their learning or developmental needs can access an additional year of either, three-year-Old Kindergarten; or Pre-Prep (or Four-Year-Old Kindergarten for children not eligible for Pre-Prep), but not both.

ATTACHMENT 1. ELIGIBILITY AND PRIORITY OF ACCESS CRITERIA

FOR A FUNDED KINDERGARTEN THREE OR FOUR-YEAR-OLD KINDERGARTEN PROGRAM

Priority of Access (PoA) helps service providers determine which children are offered a funded kindergarten place first when there are more applications than places. This applies to all funded kindergarten programs in sessional and long day care services including places allocated through a Central Registration and Enrolment Scheme (CRES).

Services must use the PoA criteria when there are more eligible children than available kindergarten places. This means services must:

- offer places based on the PoA criteria
- work with other local kindergarten services and the local ECIB to help all eligible children access a kindergarten place.

PoA must be applied before any locally agreed criteria. Long day care services must apply the PoA criteria to all funded kindergarten places.

PoA applies to all children, whether they live inside or outside the local government area (LGA) where a service is located.

If your service is in a Pre-Prep rollout LGA, once you apply the PoA criteria you must then prioritise children who live in the LGA. Children from outside the LGA whose nearest service is within it, must be prioritised before other children from outside the LGA.

These criteria apply to all 2027 enrolments.

All information relating to PoA criteria should be respectfully collected from families upon enrolment, recorded in each child's confidential enrolment record and entered into Arrival, where applicable.

DE's Priority of Access criteria

High priority children	Criteria and processes for verifying need(s)
Tier 1	

Children at risk of abuse or neglect, including children in Out-of-Home Care	• The child is eligible for Early Start Kindergarten or Access to Early Learning, and/or
	• The family, carer or legal guardian identifies the child as known to or having had contact with Child Protection or in Out-of-Home Care and/or
	• The parent or carer or child is experiencing family violence and/or has had contact with The Orange Door and/or
	• The child or family has previously accessed Flexible Support Packages and/or
	• The child or family is referred by one of the following:
	  ○ Child Protection
	  ○ Child and family services
	  ○ Maternal and Child Health nurse (MCH)
	  ○ Out of Home Care provider

Aboriginal and/or Torres Strait Islander children	As part of the enrolment process, service providers must respectfully ask families 'is your child Aboriginal and/or Torres Strait Islander?' and record this information in Arrival
Asylum seeker and refugee children	• The child, a parent, a carer or a legal guardian holds, has previously held, or is applying for, a refugee or asylum seeker visa (see list of visas in the Kindergarten Funding Guide), and/or • The child, a parent, a carer or a legal guardian holds a current or expired ImmiCard, and/or

	• Children, parents, carers or legal guardians who previously held a refugee or asylum seeker visa and now hold Australian Citizenship or permanent residency.
Children and/or families holding concession cards	A child or parent holds a Commonwealth Health Care Card, Pensioner Concession Card, Veterans' Affairs Card.
Children from families with multiple births	Multiple birth children (i.e. triplets or more).

Children and/or families with additional needs who require additional assistance to fully participate in the kindergarten program	Child and family with additional needs who meet one of the following.
	Child:
	• is eligible under the National Disability Insurance Scheme (NDIS) or undergoing a continuing assessment of a disability under the NDIS (supported by a letter from a medical practitioner or specialist)
	• is eligible for Early Childhood Intervention Service Continuity of Support (ECIS COS)
	• is diagnosed with a disability or developmental delay or are undergoing diagnosis (supported by a letter from a medical practitioner or specialist)
	• presents with developmental concerns that presents barriers to accessing a kindergarten program (supported by a letter or other evidence from a MCH nurse or similar practitioner such as an allied health practitioner)
	• has complex medical needs that presents barriers to accessing a kindergarten program (supported by a letter from a medical practitioner or specialist)
	• holds a Disability Health Care Card
	• previously accessed the Kindergarten Inclusion Support Program, Commonwealth Inclusion Support Program or another similar program
	• the child is referred by one of the following:
	  ○ the National Disability Insurance Scheme
	  ○ Early Childhood Intervention Service Continuity of Support (ECIS COS)
	  ○ Preschool Field Officer program, or
	  ○ MCH nurse or similar professional such as an allied health specialist, where developmental concerns have been identified.
	Parent or carer:
	• is eligible under the NDIS or undergoing a continuing assessment of a disability under the NDIS (supported by a letter from a medical practitioner or specialist)
	• has complex medical needs that present barriers to accessing a kindergarten program (supported by a letter from a medical practitioner or specialist)
	• holds a Disability Health Care Card.

Children accessing an additional year of Three- and Four-Year-Old Kindergarten or Pre-Prep	Children assessed with delays in two or more areas and are identified as eligible for an additional year of funded Three-Year-Old Kindergarten, Four-Year-Old Kindergarten or Pre-Prep.
Tier 2

Children currently attending the service	Children attending the service in the Three-Year-Old Kindergarten program and seeking to access Four-Year-Old Kindergarten or Pre-Prep at the same service for continuity of learning. Priority should be given to these children to remain at the same service for their Four-Year-Old Kindergarten or Pre-Prep year.

Services in Pre-Prep rollout LGAs
The department's PoA criteria apply to all enrolments for 2027, including Pre-Prep. Children that meet the Pre-Prep priority cohort criteria also meet the Tier 1 PoA criteria. These children must be given priority over children who do not meet the Tier 1 criteria. For services located in Pre-Prep rollout LGAs: • apply Tier 1 and Tier 2 PoA criteria first • then give priority to children who live in the LGA, and to those who live outside the LGA but whose nearest service is located within it, ahead of other children from outside the LGA.
Locally agreed criteria
Service providers and CRES can apply locally agreed criteria after applying PoA and, if relevant, Pre-Prep criteria for Pre-Prep roll-out. Examples include: • how close a family lives to the service • whether they have a connection to the service. These criteria must be documented and shared with families. Kindergarten places must be allocated in line with anti-discrimination and human rights laws.

ATTACHMENT 2. SAMPLE OF KINDERGARTEN REGISTRATION FOR NON-CRES SERVICES

This sample is a guide only, please visit www www.education.vic.gov.au for up to date information and version of this form.

This registration form is the first step toward getting your child into kindergarten in [year]. The information collected with this form will be used to allocate your child a place in DNMK.

Timelines for the kindergarten registration

Date	Activity
1 March	Registrations open
30 May	Registrations close*
Beginning of August	First round offers
Mid-August	Acceptance of first round offers due
Beginning of September	Second round offers
Mid-September	Acceptance of second round offers due
Weekly or when vacancies become available	Subsequent offers

*Note that registrations will still be accepted past 30 May but only will be considered after initial on-time registrations are processed.

Eligibility

Age

Only complete below form if you are planning on sending your child to kindergarten in 20XX. Your child will be eligible for kindergarten only if they meet the following age criteria:

- To be eligible for Three-Year-Old Kindergarten, your child must turn 3 by April 30 20XX
- To be eligible for Four-Year-Old Kindergarten, your child must turn 4 by April 30 20XX

Starting age calculator: Use the starting age calculator to enter your child's birth date to find out what year they can start Three- and Four-Year-Old Kindergarten.

Immunisations

According to the No Jab, No Play law in Victoria, your child must be fully vaccinated to start kindergarten. An Immunisation History Statement from the Australian Immunisation Register is not required for this registration form, but you should ensure that your child's immunisations are up to date and you have a copy of this statement before commencing the enrolment process that will likely happen in October.

A support period applies for families who may find it difficult to provide an up-to-date statement by October.

Further information on immunisation requirements for enrolment in early childhood services is available through the DE website: www.education.vic.gov.au

Priority of access

DNMK follows the Department of Education's Priority of Access criteria *(refer to Attachment 1),* that prioritises allocation of kindergarten places for children who:

- are at risk of abuse or neglect, including out of home care
- are Aboriginal and/or Torres Strait Islander
- are, or have parents or carers who are, asylum seekers or refugees
- have additional developmental needs
- hold or have parents who hold a Commonwealth Health Care Card, Pensioner Concession Card, Veteran's Affairs Card.

Children that fit one or more of those criteria will be allocated to a place in kindergarten as a high priority. This form will collect all the information required to determine if a child is eligible for Priority of Access.

If you believe you or your child are in exceptional circumstances which require prioritisation and are not covered by any of the above criteria, please contact DNMK to discuss.

Fees
Refer to the *Free Kindergarten Fees Policy* for more information about fees.

It is strongly recommended that you **do not collect** documents proving the child's birth date, address, visa status, concession card status or similar at the registration stage. A statement at the end of this form that certifies the information provided is true can suffice as a legal declaration. Once registered, staff can assist the family to gather documentation for the enrolment stage.

This will make accessing kindergarten as easy as possible for families, particularly those who are experiencing vulnerability or disadvantage. Gathering documentation can be a barrier for many families attempting or completing the form.

If you do determine that collecting documentation is necessary, you should include the below paragraph here.

Before you start, make sure you have copies of:

- Proof of identity: your child's birth certificate, birth notice, or passport
- Proof of residence: a utilities bill, rental agreement or rates notice with your family name and address (this must be the main residence of your child)
- Concession cards and immigration visas (where applicable).
- Documents from Family Support Services or a Maternal and Child Health nurse confirming high support needs and/or disability or letter from a doctor for complex medical needs (where applicable)
- [other proof required to verify the child meets local criteria] (where applicable)

ATTACHMENT 3. LETTER FOR PARENTS/GUARDIANS WITHOUT ACCEPTABLE IMMUNISATION DOCUMENTATION

DNMK

[Address]

[Insert date]

Dear [insert name]

Re: Enrolment at DNMK for [insert year]

I am contacting you regarding your tentative place for [insert child's name] at [Service Name] in the [insert 3 year old or 4 year old program] in [insert year].

Under the *Public Health and Wellbeing Act 2008* early childhood education and care services cannot enrol a child unless the parent/guardian has provided AIR Immunisation History Statement.

AIR Immunisation History Statement includes evidence of immunisations and is used to assess whether you child is fully vaccinated for their age.

As we have not received acceptable immunisation documentation for [insert name of child] by the due date, and your child is not eligible for the 16 week support period, we are unable to confirm a place at our service for [insert year] and your child's name has been removed from our list.

Immunisation programs are effective in reducing the risk of vaccine preventable diseases. Immunisation from an early age helps protect your child against serious childhood infections. Further information about immunisations for your child is available from:

- your doctor
- [insert details of local government immunisation service]
- National Immunisation Information Line Tel. 1800 671 811
- Australian Immunisation Register: www.servicesaustralia.gov.au/individuals/services/medicare/australian-immunisation-register
- Better Health Channel website: www.betterhealth.vic.gov.au/campaigns/no-jab-no-play

Should you wish to re-apply for a place for [insert child's name], we are happy to accept a new enrolment application accompanied by an AIR Immunisation History Statement. The new application would be considered in line with DNMK's ***Enrolment and Orientation policy***.

Yours sincerely

ATTACHMENT 4. CANCELLATION OF ENROLMENT AND NON-ATTENDANCE

FOR FUNDED KINDERGARTEN

Cancellation of Enrolment
Families MUST notify DNMK and/or an Enrolment Officer in writing of their intention to cancel their child's enrolment. Fees will continue to be generated for that place until DNMK is notified.

Note: This process does not apply to vulnerable children *(refer to Definitions).* Children and families that are experiencing vulnerability are to be supported according to their individual needs. Where children/families are linked to Child Protection and not attending; early childhood teacher or educator will need to inform their Case Officer.

Non-attendance

Term One

- Families that have accepted a placement and have not completed an enrolment form and not attended the service within the first 3 weeks of Term One will be contacted and informed their placement has been cancelled.

Families Traveling Overseas

- Families are required to notify DNMK prior to extended periods of travel, and ensure any applicable fees are paid if they wish to return to the service.

Non-contactable Families

  - After second week of the child not attending and the family has made no attempts to contact the service, early childhood teacher or educator to contact the family via phone/text and/or email. If there is no response, Educator to log this attempt and place in the child's file.
  - After third week of non-attendance, early childhood teacher or educator to inform nominated supervisor and cross check families contact details.

- Nominated supervisor or approved provider to email family, ensuring a response date is documented in the email.
- If the family have made no attempt to communicate with the service before the response date, post a final attempt letter, ensuring a response date is documented in the letter.
- If the family has not responded to the final attempt letter before the response date, their placement will be cancelled.
